In the pizza business you start from the bottom and work your way up. Literally. We're obsessed with creating the perfect dough. That beguilingly simple alchemy of flour, water, salt, yeast and grape seed oil, isn't something to be rushed. Not yet. It is the canvas for a tasty masterpiece, the silken, crispy, delicate, chewy platter for gob-smacking pizza toppings. So we take time to get it right. Of course from the moment your pizza is made, then it is something to be rushed. To you.
